

“EdFuel’s PLC sessions have provided me with so much support this year! This has truly been my first authentic PD experience.”

MORE THAN 350 LEADERS HAVE PARTICIPATED FROM SCHOOLS, EDUCATION NONPROFITS, AND FOUNDATIONS OF ALL TYPES

OUR PLC PROGRAM PREPARES YOU TO NAVIGATE THE COMPLEX CHALLENGES OF DRIVING ORGANIZATIONAL CHANGE

EdFuel offers Peer Learning Communities (PLCs) that are facilitated by a proven expert in the relevant area. Each participant defines one to three job-embedded development projects to pursue over the course of the year. In monthly convenings, participants have an opportunity to share best practices and raise problems of practice with peers in order to illuminate potential solutions.
